West Lothian  
Council

## Introduction

---

If the financial scenario we have outlined comes to pass, we will need to make tough choices to balance our budget. We have provided you with a pack of information which contains proposals for saving money, drawn up by council officials. Before any decisions are made, we need to know what you think about these proposals. Can you support these proposals or would you like to suggest alternatives? We would really like to know if you have any further ideas you would like to put forward either as additional savings or as alternatives. Proposals will be considered by one of our nine council Policy, Development and Scrutiny Panel (PDSPs), which meet on a regular basis and which are open to the public to attend. The dates of the next round of PDSPs will be available on our website: **[westlothian.gov.uk](http://westlothian.gov.uk)**
